- **Workflow & File Management:** QC, conforming, ingest, transcoding, DCP mastering, metadata, and logging
- **Technical Support:** Equipment maintenance, inventory control, safety compliance

## PROFESSIONAL EXPERIENCE

2025 - Present

### Video Production Specialist - TAFE NSW Digital

- Plan, film, and edit educational and promotional content while maintaining and ensuring safe efficient workflows.
- Collaborate with educators and stakeholders to develop engaging learning materials, supporting teaching outcomes.
- Prepare studio spaces, cameras, lighting, and audio systems, ensuring all setups meet safety requirements.
- Adhere to WHS and institutional policies, contributing to a safe, inclusive, and respectful work environment.
- Participate in performance and development planning focused on new production technologies

2022 - 2024

### Video Post Officer - Australian Film, Television and Radio School (AFTRS)

- Ensured seamless workflow and high-quality content delivery through rigorous quality control.
- Assisted and provided technical support to students and faculty in DaVinci Resolve, Avid MC, and Premiere Pro.
- Prepared and maintained post-production suites and theater, ensuring software and systems were fully operational.
- Conducted QC, ingest, transcode, conform, and mastering processes for academic and distribution outputs.
- Ensured proper equipment storage, catalog, and secure handling of data and assets.
- Distribution and archive projects for screenings, assisting with technical delivery for film festivals and external platforms.

2017 - 2026 (whilst working part-time and contracts)

### Freelance Video Editor & Camera Operator.

Paramount (Ch10 News), The Artist Group, Photoplay, The Kitchen, SFS, Playlab, Capturelab, Production Group, Crybaby Prod.

- Shot and assisted on immersive media projects as a Camera Operator, Video Editor and Production Assistant.
- Edited high-quality content across TVCs, YouTube, TV News, Instagram, TikTok, and LinkedIn.
- Operation of virtual production, LED volume, and DIT workflows to support efficient on-set and post-production integration.

2019 - 2022

### Video Editor & DOP - AI Films/AI Films Studio

- Led end-to-end post-production for corporate, commercial, and narrative projects.
- Supervised editors and crew, coordinating contractors and freelancers to maintain brand consistency.
- Mentored junior staff, sharing industry best practices in editing, colour grading, and workflow management.
- Oversaw safe equipment handling, media management, and maintenance of camera and lighting kits.
- Recipient of multiple awards and nominations at international film festivals.

2005 - 2016

### EVS, Camera Operator & Video Editor - FC Barcelona & BeIn Sports (Mediapro Group Spain)

- Operated EVS systems and cameras for live sports coverage such as Champions League, La Liga, and F1.
- Edited highlights, promos, and long-form content under fast-paced broadcast conditions.
- Ensured safe operation and maintenance of camera and replay systems, adhering to technical and safety protocols.
- Collaborated with production teams to troubleshoot and optimise broadcast workflows.

2002 - 2005

### ENG & Video Editor - Antena 3 Noticias "Antena 3 News" (Mediapro Group Spain)

- Analogic video editing: U Matic, Betacam, and transitioning to digital using Avid NewsCutter
- Reported on diverse topics: policy, parliament, court, and societal issues.
- Traveled extensively as an ENG camera operator covering daily news and events across Spain.
